Trout Data (Circle species and sex)

Species: R / B	Sex: M / F	Length (mm):	Weight (Kg):
----------------	------------	--------------	--------------

Was the trout able to be measured or was the length estimated? Measured Estimated
 Do you wish to be sent details of your trout? YES NO
 Do you want to be entered in the lottery draw? YES NO

MEASURING YOUR TROUT

If it is at all possible please try and use a ruler or tape to measure your trout. The length of the trout is the single most important piece of information that we require for this research. If you can not get a ruler or tape and the length is estimated, please tick the appropriate box above.

Measure the trout from the fork of the tail, to the tip of the head, as shown below. The tag position is indicated by the arrow.
