## GAME BIRD HUNTING CODE OF PRACTICE

Fish and Game New Zealand actively promotes responsible and ethical hunting practices. As game bird hunters we all have the following responsibilities, as detailed in the Game Bird Hunting Code of Practice:

### HUNT HUMANELY

- Shoot only within the effective range of our firearm and our capabilities, and only when a quick, clean kill is likely
- Retrieve all shot birds promptly and dispatch wounded game birds quickly and humanely
- Respect the resource, value our game birds and eat what we shoot

### PROTECT GAME BIRD RESOURCES AND OUR HUNTING TRADITIONS

- Understand and observe all hunting regulations and licensing requirements
- Support game bird management and habitat enhancement activities
- Take no more than our immediate needs
- Share our knowledge and foster ethical attitudes and behaviour in hunting companions and youth

### CARE FOR THE ENVIRONMENT

- Remove all rubbish from the hunting area and dispose of offal and carcasses responsibly
- Use non-toxic shot and biodegradable products
- Use established tracks and roads

### RESPECT THE RIGHTS OF OTHERS

- Respect private property and always ask for access permission
- Be considerate of non-hunters
- Be aware of our safety and the safety of others when hunting
- Comply with the Arms Act 1983 and always follow the 7 Firearms Safety Rules:
  1. Treat every firearm as loaded
  2. Always point firearms in a safe direction

3. Load a firearm only when ready to fire
4. Identify your target beyond all doubt
5. Check your firing zone
6. Store firearms and ammunition safely
7. Avoid both alcohol and drugs when handling firearms

For further guidance about responsible game bird hunting read the full Code of Practice at [www.fishandgame.org.nz](http://www.fishandgame.org.nz)

## STOP THE SPREAD OF AQUATIC PESTS

Protect our waters: **CHECK, CLEAN, DRY.** Check dogs, boots, decoys and boats before you leave the area.

## HUNTING LICENCE VALID NATIONWIDE

All game bird hunting licences can be used in all Fish & Game regions. Day licences are valid only on or after the second Monday of the new season. It's important to note that if you're hunting in other regions you need to read up on the local regulations in this booklet. Fish & Game sports fish and game licences are issued online, are processed electronically and comply with the Electronic Transactions Act 2002. Licences are issued centrally by a person authorised to issue licences on behalf of each Fish and Game council.

## GAME BIRD HABITAT STAMP

A game bird habitat stamp must be displayed on every licence to hunt or kill game<sup>1</sup>. The purpose of the Habitat Stamp Programme is to raise funds for habitat enhancement. Four dollars (\$4)<sup>2</sup> of the game licence fee is assigned to the stamp as income for the programme. See towards the back of this booklet for other stamp programme products. If you own or help manage suitable game bird habitat including wetlands, you are welcome to apply for funds raised from the habitat stamp programme. To apply see the Game Bird Habitat Trust website <https://fishandgame.org.nz/environment/protecting/protecting-nz-game-bird-habitats/the-nz-game-bird-habitat-trust> for details. Applications close June 30.

## SHOTGUNS AND USE OF NON-TOXIC SHOT

Game bird hunting can only be undertaken with a shotgun of a 10 gauge or smaller (including 12, 16, 20, 28, .410). Mandatory use of non-toxic shot applies to all waterfowl hunting, with very limited

<sup>1</sup> Section 19A(1) of the Wildlife Act 1953

<sup>2</sup> Section 72(3A)9e) of the Wildlife Act 1953

exceptions (see 1st Schedule, clause 5 below). 2020 is the third year of a 4-year phase-out period for the use of lead shot in smaller gauge shotguns. For this season, on land administered by DOC or Fish & Game, the requirement is that no person may possess or use lead shot, while hunting or killing waterfowl within 200 metres of open water with any shotgun (with the exception of .410). Lead shot can still lawfully be used in smaller gauge shotguns (but not 10 or 12 gauge) on any land that is not administered by DOC or Fish & Game, but ideally even there, when hunting waterfowl within 200 metres of any water, hunters are encouraged to use non-toxic shot. The ban on lead shot is not mandatory for upland game (e.g. pheasant and quail) hunting or for other game bird hunting away from waterways. For more information refer below or to [www.fishandgame.org.nz](http://www.fishandgame.org.nz)

## WILDLIFE ACT 1953

The hunting of game is governed by the provisions of the Wildlife Act 1953. The Minister of Conservation declares an open season for game annually in the New Zealand Gazette (see below). Some important provisions of the Wildlife Act are covered here. The Act and its companion Wildlife Regulations 1955 can be viewed in full online: <http://www.legislation.govt.nz/>

## WILDLIFE DECLARED TO BE GAME<sup>3</sup>

Hunters are reminded that only the following lists of species are game birds that they are permitted to hunt and kill.

## WATERFOWL

- Black swan (*Cygnus atratus*) (except on Chatham Islands).
- Duck:
  - Grey duck (*Anas superciliosa*) and any cross of that species with any other species, variety, or kind of duck (except on Chatham Islands).
  - Mallard duck (*Anas platyrhynchos*) and any cross of that species with any other species, variety, or kind of duck (except on Chatham Islands).
  - Paradise shelduck (*Tadorna variegata*).
  - Australasian shoveler duck (New Zealand shoveler) (*Anas rhynchos*).
- Pukeko (*Porphyrio melanotus*) (except on Chatham Islands).

---

<sup>3</sup> Schedule 1 Wildlife Act 1953

## UPLAND GAME

- Chukar (*Alectoris graeca chukar*).
- Red-legged partridge (*Alectoris rufa rufa*).
- Pheasant (any bird not being a domestic bird, of the genus *Phasianus* and any cross of any such bird with any other species, variety, or kind of pheasant).
- Quail:
  - Brown quail (*Coturnix*).
  - Californian quail (*Lophortyx californica*).
  - Virginian or bobwhite quail (*Colinus virginianus*).

## RESTRICTIONS ON THE TAKING OF GAME

*(S18, Wildlife Act 1953)*

No person shall use more than one shotgun or any live decoy.

## USE OF LEAD SHOT AMMUNITION OVER WATER

*(S5, Open Season for Game Notice)*

It is an offence to possess, or hunt waterfowl with 200 metres of open water using lead shot ammunition otherwise than within the exceptions allowed (see use of non-toxic shot above).

## LICENCE TO HUNT OR KILL GAME

*(S19, Wildlife Act 1953)*

It is an offence to hunt or kill game unless the person holds a current game licence, except in some circumstances where that person is a resident occupier as defined in the Wildlife Act.

## OCCUPIER OF ANY LAND

*(S19(3), Wildlife Act 1953)*

“...the occupier of any land, and the spouse or partner and any one son or daughter of the occupier, may, during an open season, hunt or kill on that land without a licence (but subject to all other restrictions imposed by game regulations.” The occupier of the land is normally the owner if she/he personally resides on the land, but this privilege can be transferred to farm manager or sharemilkers by a written statement indicating such to Fish and Game if the owner does not personally reside on the land. Note that the Act allows for hunting by three people; the occupier, his/her wife/husband/civil union partner or de facto partner and one son or daughter on that land - but no other land.

## SHOOTING OF GAME NOT IN FLIGHT PROHIBITED

*(S22, Wildlife Act 1953)*

It is an offence for a person to shoot or attempt to shoot at any game bird not in flight except where a game bird is already wounded by shooting.

## OBSTRUCTING RANGERS

*(S40, Wildlife Act 1953)*

It is an offence to obstruct a ranger. The maximum penalty is 2-years imprisonment and/or \$100,000 fine.

## TAKING PROTECTED WILDLIFE

*(S63, Wildlife Act 1953)*

It is an offence to hunt or kill protected wildlife. The maximum penalties for hunting or killing absolutely protected wildlife is up to two years imprisonment or \$100,000.

## GAME HUNTING EXCLUSION AREAS

Closed game areas means a part of a region that is for the time being excluded from the open season in the region, but does not include a wildlife sanctuary or a wildlife refuge or any area in which the shooting or hunting or killing of animals is prohibited under or pursuant to paragraph (j) of subsection (2) of this [Wildlife] Act or any other Act. There is no open season for game birds on property in a closed game area. It remains legal to have a dog or a gun on such land, but not to use them to hunt game birds (which also applies to the landowner). (s2. Wildlife Act 1953). Each closed game area is administered by a Fish and Game Council.

## WILDLIFE REFUGES

It is illegal to take a dog or a gun onto Wildlife Refuge land, unless specifically permitted in writing to do so, or to harm or disturb any wildlife including game birds on that land (s14(3) Wildlife Act 1953). Wildlife Refuges are administered by the Department of Conservation.

The remainder of this hunting guide is made up of regional details and hunting conditions contained in the Gazetted Game Notice. These conditions are set out in the:

## FIRST SCHEDULE:

Hunting conditions generally common to all Fish and Game regions.

## SECOND SCHEDULE:

Regionally specific hunting conditions, including bag limits, closed and open game areas, shooting hours and the like.

## FIRST SCHEDULE

*Hunting conditions generally common to all Fish and Game regions.*

### 1 Bag limits

**1.1** No person shall possess on any one day, more than the number of game birds specified as the daily bag limit for the Fish and Game Region in which the game is taken, except on Sunday 3 May 2020, when that person may have in his or her possession twice the number of game birds specified as the daily bag limit for Saturday 2 May 2020.

**1.2** A person may possess more game than specified in clause 1(1) of this Schedule, if all such game is labelled with the following details:

- (a) The name and address of the person by whom the game was taken;
- (b) The number of the licence to hunt or kill game held by the person by whom the game was taken;
- (c) The name of the Fish and Game Region by which that licence was issued;
- (d) The name of the Fish and Game Region in which the game was taken; and
- (e) The date on which the game was taken.

### 2 Waiver of Restrictions on Baiting for Waterfowl

A person may hunt or kill game of the family Anatidae (waterfowl) during the open season for game in all Fish and Game Regions, except Auckland/Waikato Fish and Game Region, where food has been cast, thrown, placed or planted

any time during the year.<sup>4</sup> In the Second Schedule, Auckland/Waikato Fish and Game Region, Special Condition 4(9), applies to restrictions on baiting.

### 3 Magazine Shotguns

A person may hunt or kill game birds, as specified, in any Fish and Game Regions with any magazine shotgun of a calibre 10 gauge or less, which includes magazine extensions,<sup>5</sup> other than in the:

- (a) Auckland/Waikato Fish and Game Region;
- (b) Eastern Fish and Game Region;
- (c) Hawke's Bay Fish and Game Region;
- (d) Wellington Fish and Game Region;
- (e) Nelson/Marlborough Fish and Game Region;
- (f) West Coast Fish and Game Region.

For these six Regions special conditions in the Second Schedule apply.

### 4 Shot Size

No person shall use, in any shotgun used for the purposes of hunting and killing game, any cartridge containing any shot size having a larger retained, per-pellet energy at 90 metres than lead BB.

### 5 Use of Lead Shot Prohibited

**5.1** No person may possess lead shot, or use lead shot, while hunting or killing waterfowl within 200 metres of open water on Department of Conservation or Fish and Game administered lands with any shotgun, except those using a .410 cartridge. Non-toxic alternative shot must be used, including steel.

**5.2** No person, with any shotgun using a 10 or 12 gauge cartridge, may possess lead shot, or use lead shot, while hunting or killing waterfowl within 200 metres of open water. Non-toxic alternative shot must be used, including steel.

**5.3** For the purposes of this requirement, "waterfowl" means any of the following game species:

- Black swan (*Cygnus atratus*);
- Grey duck (*Anas superciliosa*) and any cross of that species with any other species, variety, or kind of duck;

<sup>4</sup> Section 17 of the Wildlife Act 1953.

<sup>5</sup> Amended notification to section 18(1)(c) (iii) and (v) of the Wildlife Act 1953 as authorised by the Minister of Conservation under section 18(1) of that Act.

- Mallard duck (*Anas platyrhynchos*) and any cross of that species with any other species, variety, or kind of duck;
- Paradise shelduck (*Tadorna variegata*) also known as Paradise duck;
- Australasian shoveler duck (New Zealand shoveler) (*Anas rhynchotis*);
- Pukeko (*Porphyrio porphyrio melanotus*).

**5.4** For the purposes of this requirement, “open water” means either:

- any area of land or seabed covered permanently or seasonally by water wider than 3 metres; or
- any area which is temporarily covered by water wider than 3 metres at the time of such possession or use, and that is contiguous to an area referred to in paragraph (4)(a).

**5.5** In 2021 lead shot will be prohibited for all licence holders (irrespective of gauge used, excepting .410) across all lands (public and private) when hunting waterfowl within 200 metres of all waterways and wetlands.

## 6 Camouflaged Rowboats

A person may hunt or kill game within the following Fish and Game Regions, from unmoored camouflaged rowboats, subject to the excluded periods for the regions specified below:<sup>6</sup>

- **Northland** – no excluded period
- **Auckland/Waikato** – excluding 2 and 3 May 2020
- **Eastern** – excluding 2 and 3 May 2020
- **Hawke’s Bay** – excluding 2 and 3 May 2020
- **Taranaki** – no excluded period
- **Wellington** – excluding 2 and 3 May 2020
- **Nelson/Marlborough** – no excluded period
- **West Coast** – no excluded period
- **North Canterbury** – excluding 2 and 3 May 2020
- **Central South Island** – excluding 2 and 3 May 2020
- **Otago** – excluding Clutha River 2 to 10 May 2020 inclusive
- **Southland** – excluding the Mataura, Aparima, Oreti, Waiau and Waimatuku rivers and their tributaries 2 to 31 May 2020 inclusive and excluding that part of the Oreti River below the Dunn’s Road bridge for the whole season.

<sup>6</sup> Section 18(1)(f)(vi) of the Wildlife Act 1953.

## 7 Restriction on Taking of Game

No person shall use any vehicle propelled by mechanical power (including motorised watercraft) to chase or kill game, except in such circumstances and at such times as authorised by the Conservation Act 1987 and Wildlife Act 1953.7

## 8 Pegging Day

- 8.1 Stand claimants who claimed and occupied a stand during the 2019 Game Season may claim that stand at any time prior to pegging day (up to 10.00 a.m. on 5 April 2020) following the purchase of the 2020 game licence. If you are in the Auckland/Waikato Region, then the above mentioned applies **only to Adult Whole Season Licence Holders** and does not apply to Junior Licence Holders as it does in all other Fish and Game Regions.
- 8.2 Otherwise, unclaimed stands can only be claimed any time after 10.00am on 5 April 2020 in all Fish and Game Regions.
- 8.3 A stand may be claimed by planting on it a stake having either a board or identifying label attached, plainly identifying the name of the claimant and the number of his/her licence. The hunting stand claim tag provided with the licence must be completed with the name of the claimant and affixed to the board or identifying label.
- 8.4 The licence holder claiming a stand must be present in person at the stand when marking it up.
- 8.5 No one can claim more than one stand.
- 8.6 A stand cannot be claimed closer than 90 metres to a stand already claimed by another person without that person's consent.
- 8.7 Any stand not occupied by the claimant within one hour after the opening hour of hunting, on any day, can be occupied by another licence holder for the remainder of the day.

## 9 Conditions

These conditions will expire at the end of the open season for game specified under the Second Schedule for each Fish and Game Region.

---

7 Section 18(1)(f)(v) of the Wildlife Act 1953.

## SECOND SCHEDULE

*Regionally specific hunting conditions, bag limits, closed and open game areas, and the like.*

## 1 Game That May Be Hunted or Killed - Duration of the 2020/2021 Season

Species	Season Duration (dates inclusive)	Daily Bag Limit
Grey/mallard duck and any hybrid of that species	2 May to 28 June 2020	12
NZ shoveler duck	2 May to 28 June 2020	3
Paradise shelduck	2 May to 2 Aug 2020	20
	20 Feb 2021 to 28 Feb 2021	20
Black swan	2 May to 2 Aug 2020	20
	20 Feb 2021 to 28 Feb 2021	20
Pukeko	2 May to 23 Aug 2020	12
	20 Feb 2021 to 28 Feb 2021	12
California and brown quail	2 May to 23 Aug 2020	10
Cock pheasant	2 May to 23 Aug 2020	5

## 2 Shooting Hours

**2.1** 6.30am to 6.30pm, except the hunting of:

Paradise shelduck, Pukeko and Black Swan from 20 February to 28 February inclusive will be from 6.30am to 8.00pm.

## 3 Decoy Limit

No limit.

## 4 Special Conditions

**4.1** No person shall wilfully leave on the hunting ground any game bird(s) shot or parts of any game bird(s) shot.

**4.2** Camouflaged Rowboats: Persons may hunt or kill game from an unmoored camouflaged rowboat.

**4.3** During the 20 February to 28 February 2021 special open season, no person shall hunt within 300 metres of any urban sewage oxidation ponds.

**4.4** Any licensed game bird hunter who has a Department of Conservation permit to take or kill wildlife for the purpose of hawking may hunt with an Australasian Harrier (*Circus approximans*) to take game birds. This is subject to the season length and bag limit for each game bird species in clause 1 of this notice and any other special conditions for the Northland Fish and Game region and also subject to any conditions imposed by the Director-General of Conservation under such a permit.

## HUNTING OPPORTUNITIES IN NORTHLAND

The Northland Fish and Game Region extends north from a line midway to a point between the North Head and South Head of the Kaipara Harbour, then runs due east to a point just North of Wellsford and then a line running northeast to cross the coastline approximately 4.6km north of Te Arai Point.

## TAKE A MATE HUNTING

FOR ONLY \$4: 2020 Game bird licence holders can take a mate hunting who has not purchased a game bird licence within the last THREE years. Hunting for the mate will be permitted on Opening Weekend ONLY for \$4.00 which is the cost of the habitat stamp. The “mates licence” must be purchased through the Northland Fish & Game office in Whangarei.

The recipients of the mate’s licence must be accompanied by an Adult whole season licence holder and it only applies within the Northland Fish & Game region. The mate must comply with the game bird hunting regulations.

There is never a better opportunity to introduce your friend, spouse, son or daughter to game bird hunting.

To hunt on Forestry lands, a permit must be obtained through the office of Northland Fish & Game. The permit is a legal requirement which enables the hunter to enter the forest, carry a firearm and use a dog on those properties.

Applications can be made either by logging onto the Fish & Game Website: <http://northland.fishandgame.org.nz/>

Email: [northland@fishandgame.org.nz](mailto:northland@fishandgame.org.nz)

## PERMITS

Hunters must provide details and payment for permits when applying for permits. A permit is required for each licence holder and is not issued for a party or any group of hunters. Permits are issued for the full length of the open game season (May to August).

Part of the fee for permits issued to Flaxmill Wetlands and Jack Bisset Wetlands are used as a contribution towards predator control operations within those areas for permanent stand holders ONLY.

Hunters requiring a permit must provide the following details:

- Name, address and phone numbers
- Date of birth
- Game bird licence number

- Firearms licence number
- Vehicle registration
- Dog's name, Breed and Registration number.

All permits issued to licence holders will be accompanied with a map detailing the areas open to hunting.

Adult licence holders wishing to hunt on Fish & Game properties who are not stand holders can obtain a permit after 10<sup>th</sup> May 2020 at the casual rate.

Junior and child licence holders wishing to hunt on the Fish & Game properties who are not stand holders can obtain a free permit after 10<sup>th</sup> May 2020.

<i>Administrator</i>	<i>Place name</i>	<i>Location</i>	<i>Permit fee</i>
NFGC	Jack Bisset Wetland – Stand Holders Fee	Whangarei	\$35.00
	Jack Bisset Wetland – Casual Hunters Fee	Whangarei	\$6.00
	Flaxmill Wetland – Stand Holders Fee	Dargaville	\$35.00
	Flaxmill Wetland – Casual Hunters Fee	Dargaville	\$6.00
	Kawakawa Wetlands	Kawakawa	\$6.00
	Borrow Cut Wetland	Kerikeri	\$6.00

## DEPARTMENT OF CONSERVATION

Licence holders wishing to hunt on Department of Conservation administered lands must obtain their permit from their local DOC office in Dargaville, Whangarei, Kerikeri or Kaitaia.

Hunting at Te Paki Farm and Te Werahi Wetlands is now authorised by approval from local Iwi Ngati Kuri. All licence holders MUST contact John Macpherson, Field Officer in Kaitaia to obtain the appropriate contact details.

## RANGIPUTA LANDCORP FARM

Is allowing hunting. Because of the M-Bovis outbreak, hunting will be strictly controlled, and inductions will be necessary. Licence holders will need to contact Colin Rakena, the Farm Manager on 0274 350 982 to arrange access. Other hunting opportunities include peacock, turkey and Canada Goose.

## FORESTRY PERMITS

Northland Forestry Managers Ltd, Hancock Forest Management (NZ) Ltd, Matariki Forests (Glenbervie, Puhipuhi, Topuni).

Permits for all forestry permits can be obtained from the Northland Fish and Game office in Whangarei. The cost of the permit for the whole season is \$50.00 and covers all forests managed or owned by the forestry companies as stated above. This fee covers all processing fees; coloured maps detailing the areas open to hunting plus Public Liability insurance while hunting in any of these forests.

## TE HIKU FOREST

Is a privately-owned pine Forestry Block that extends along the 90-mile beach. The permit fee cover all processing fees, colour map and includes a contribution towards a predator control operation for the benefit of game birds.

Permits can be obtained at Hunting & Fishing Kaitaia, Riders Sports Kaitaia and through Northland Fish and Game office. The cost of the permit for the whole season is \$30.00.

Please note a **Kiwi Aversion Certificate** is required for all hunting dogs that enter forests managed or owned by Hancock Forest and the Northland Forest Managers Ltd.

Kiwi Aversion Certificates can be obtained through the Department of Conservation office in Whangarei. A register of people trained to train dogs to avoid kiwi is being developed by Kiwis for kiwi. If you are interested in your dog being trained, please contact your local DOC office or search: <https://www.kiwisforkiwi.org/what-we-do/how-were-saving-kiwi/avoidance-training-for-dogs/trainers-directory/>

- 6.8** A property owner listed in subclause (1) or a lessee of that property owner must keep a register of:
- (a)** the names and addresses of hunters and all other persons who take game from that property;
  - (b)** the number and type of birds taken by those persons;
  - (c)** the description of that person's role in the hunting and killing of game birds on that day.

## HUNTING IN AUCKLAND/WAIKATO

Hunting today suffers many threats; wetland drainage, habitat degradation, pollution, the animal rights lobby, ecofundamentalists, paranoia over firearms and worst off all, indifference.

There are groups who safeguard and share your interests. To join a group concerned with game bird hunting and the outdoors, please contact your local user group.

## HUNTING ON FISH & GAME AND CROWN LAND

A General Authority (free to all licence holders) is required to hunt on Fish & Game Land – some 1700ha being owned by the Auckland/Waikato Region purchased from hunters' and angler's funds. The Authority can be obtained by sending a stamped, self-addressed envelope to Auckland/Waikato Fish and Game, 156 Brymer Rd, RD 9, Hamilton 3289.

To hunt on Crown land managed by the Department of Conservation (DOC) you require a similar permit (also free) from DOC.

## FORESTRY PERMITS

Rayonier Forests: Tairua (Whangamata); Maramarua (Te Kauwhata); Waihou (Te Aroha); and Mahurangi (Warkworth).

Permits for Rayonier Forest blocks can be obtained from our office.

The cost of the permit for the season is \$50 and covers all four forests. This fee is to cover all processing fees, colour maps, as well as a Public Liability Insurance while hunting in any of their forests.

Hunters requiring a permit must provide the following details & send into our office with payment (chq/cc) to the above address:

- Name, address and phone numbers
- Date of Birth
- Game bird licence number
- Firearms Licence number
- Vehicle registration
- Dog Registration number.

## TAKE A MATE HUNTING — FOR ONLY \$4

Do you have a mate, relative, friend, co-worker or know somebody who is keen to give duck hunting a go, but doesn't want to pay the full cost of a licence? If so, on a strictly first come, first served basis, limited to the first 100 hunters who write into the Auckland/Waikato office with their 2020 Game bird Licence number, we will let you take your mate hunting on opening weekend for the \$4 cost of the Habitat Stamp which is displayed on the licence – which as you will recall is used solely to create, protect and restore wetland habitat.

The offer is strictly limited to those people (i.e. the mate) who have not purchased a licence before (and we can check via extensive database records going back over the last decade) – the offer is only for opening weekend – recipients of the mate's licence must be accompanied by a whole season licence holder. The offer only applies to the Auckland/Waikato Fish and Game region and the mate must of course comply with the Game Hunting Regulations.

There is no better opportunity to introduce your friend, spouse, son or daughter to game bird hunting.

## 2 Definition of Areas

The following descriptions refer to Management Units within the Eastern Region (described on Infomap 242B-2 Land Information New Zealand). The Management Units are defined using both District Council and Eastern Region Fish and Game boundaries. The coastal boundaries of Management Units A1, B1 and, B2 follow the coastline as per Infomap 242-2.

- 2.1 Area A1:** Tauranga District, Western Bay of Plenty District, that part of the South Waikato District within the Eastern Fish and Game region and east of State Highway 1, Rotorua District, Kawerau District, Whakatane District and Opotiki District.
- 2.2 Area A2:** Those parts of the South Waikato District west of State Highway 1 within the Eastern Fish and Game region, Taupo District and Ruapehu District, which lie within the Eastern Fish and Game region.
- 2.3 Area B1:** Gisborne District.
- 2.4 Area B2:** That part of Wairoa District within the Eastern Fish and Game region.
- 2.5 Reporoa Area:** That area bounded by Waikite Valley Road (Waio tapu) to SH 5 to Settlers Road which becomes Broadlands Roads to SH 1 (Taupo Bypass) to SH 30 to Whirinaki Valley Road (Ngakuru) to Waikite Valley Road.

## 3 Shooting Hours

6.15am to 6.15pm in all areas for all species during their respective seasons.

## 4 Decoy Limit

No limit.

## 5 Special Conditions

**5.1** No person may hunt or kill game birds, as specified, within the Eastern region with any magazine shotgun unless the shotgun:

- (a) has a magazine of any type adjusted with a one-piece filler which is incapable of removal without disassembling the gun; or
- (b) the magazine is pinned in accordance with Regulations made under this Act;

so that the magazine shotgun is incapable of holding more than 2 shells in the magazine, with no more than 3 shells in the magazine and chamber combined, at any one time.

**5.2** No maimai shall impede the use of navigable channels in the Tauranga Harbour, Ohiwa Harbour, Little Waihi Estuary, Lake Aniwhenua and Lake Taupo.

**5.3** A person who erects a maimai in the Little Waihi Estuary, Lake Aniwhenua, Ohiwa Harbour, Stump and Waihi Bays of Lake Taupo must dismantle and remove it within 2 weeks of the close of the season (ie by 14 September 2020).

**5.4** A licensed game bird hunter who has a Department of Conservation permit to take or kill wildlife for the purpose of hawking may hunt with an Australasian Harrier (*Circus approximans*) to take game birds. This is subject to the season length and bag limit for game birds specified in clause 1 of this notice for this Region and subject to any condition imposed by the Director-General of Conservation under such a permit.

## 6 Hunting From a Boat Under Power

No person may possess a firearm that can be rapidly deployed in or on any unmoored vessel, except (1) where the unmoored vessel is not being propelled at the time by a motorised device, or (2) the firearm is needed to retrieve wounded game. For the purpose of this subclause a firearm is considered unable to be rapidly deployed if it has been dismantled or secured in a case, gunslip or other secure compartment.

## 7 Upland Game Properties with Special Conditions

**Pirini Family Trust:** The property is located 8 kilometres up the Bush Road from Pongokawa. It is bounded by Pongakawa River, Rotoehu Forest and Bush Road, Sections 4, 5 and 7 SO 7437 Block IX Waihi South Survey District. The property is leased by N. Raven.

## HUNTING IN THE EASTERN REGION

We have produced a pamphlet on gamebird hunting in the Eastern Region. Inquire at your local sports shop or the Eastern Fish and Game Office for a copy. Eastern Fish and Game hold annual ballots for hunting sites in wetlands managed by the Council.

Hunters may register for the ballot before the end of the first week of November. All you have to do is phone or write to us with your name, address, and phone number and we will send you a ballot application form before it's held. Hunters from the previous year will automatically be sent an application form.

If you have changed your address, make sure you notify us of the changes. Access information to the reserves can be obtained from the website <http://fishandgame.org.nz/eastern/game-bird-huntingin-new-zealand/where-to-hunt-game-birds/>

## CASUAL PERMITS TO HUNT IN THE WETLANDS

Casual permits, for non-ballot holders to hunt wetlands administered by Eastern Fish and Game, can be obtained by phoning or writing to the office in Rotorua. Casual permits are available after the first two weeks of the season. This allows successful ballot holders two weeks of undisturbed hunting.

## UPLAND GAME HUNTING

Some of New Zealand's best pheasant and quail hunting is found in the Eastern Region. A lot of this hunting is in the production forestry areas of the Bay of Plenty managed by Timberlands Limited. Permits to hunt in the forest are issued by FIRST Security 07 347 0297.

## WETLAND CREATION

For information and advice on wetland creation contact the staff at your local Fish & Game offices. Wetlands in the Eastern Region are now rare. In some parts less than 1% of the original wetlands remain.

The Habitat Trust fund is one source of funding for enhancement, purchase or development of wetlands.

If you have a proposal to create or enhance a large area of wetland, we may be able to assist you obtain funding.

Magazine shotguns must be restricted in such a way that the shotgun is incapable of holding more than two shells in the magazine, with no more than 3 shells in the magazine and chamber combined at any one time.

**4.2** Any licensed game bird hunter who has a Department of Conservation permit to take or kill wildlife for the purpose of hawking may hunt with an Australasian Harrier (*Circus approximans*) to take game birds. ## HUNTING IN THE HAWKE'S BAY

The Hawke's Bay Fish & Game region is defined by river catchments, extending north to the Mohaka, west to the Ngaruroro, and southwest to encompass the Tukituki systems, with the southern border reaching the Tautane Stream just south of Cape Turnagain.

## WATERFOWL

The mallard, grey duck and hybrids are the most popular game birds of the region. These species respond well to calling and decoying and can be found on most of the region's rivers, streams, dams and lakes. Shoveler are a transient population for most of the season and are renowned for their fast flying and elusiveness.

There are extensive hunting opportunities in the riverbeds of the region. Access is good and well-marked with signs.

A little time spent checking out backwaters pre-season can pay dividends during the season.

Paradise shelduck are wide-spread and can be hunted successfully in most locations. Low-lying farmland with water nearby is ideal for hunting using silhouette decoys. If you want to target parries, the pasture lands and riverbeds are a good place to start. Most landowners are only too happy for hunters to target parries on pasture if they are approached and asked first.

The Hawke's Bay region administers a number of Controlled Shooting Areas throughout the region. Periodically vacancies arise, creating a wetland enhancement and shooting opportunity for local shooters. If you want to shoot this season but don't have anywhere to hunt, give our local Fish and Game office a call.

## UPLAND GAME

Hawke's Bay hosts a good population of ring-necked pheasant and varying numbers of California quail, with the best results achieved in scrubby river margins and forestry plantations with blocks of young trees. Pheasants are predominantly hunted in our major river systems with the Waipawa, Tukituki, Ngaruroro and Tutaekuri normally well worth a look. The best hunting is generally where good cover and watering opportunities are found (i.e. river basins), especially where these areas border orchards and/or assorted cropping areas. For most of these areas a dog is recommended as an easy way to cover ground effectively.

## A COUPLE OF THINGS TO REMEMBER

Access is a privilege not a right so if in doubt, please ask!

Landowners frequently have paradise duck and swan problems and often appreciate flocks being dispersed by hunters. Often, they might offer the opportunity to shoot a vacant pond. In any case the personal courteous approach is by far your best bet.

Please do not leave the bodies or parts of shot game on the hunting ground. If carcasses are left in the field, it can encourage unwanted predators as well as ill feeling from other hunters and the non-hunting public. Please make yourself familiar with the Closed Game Areas and Wildlife Refuges scattered throughout Hawke's Bay.

## WILDLIFE REFUGES

1. The bed of the Tuki Tuki River between Waimarama Bridge and a line running from the north of the Mangangara Stream to the road at the southwestern corner of Section 9 and 15 in the Te Mata Survey District (8km upstream)
2. Lakes Tutira, Orakei, and Waikopiro and certain surrounding land
3. Horseshoe Lake, Elsthorpe
4. The property of R H, J R, and T R Hartree, Puketitiri
5. The Westshore Ponds 6. The spit south of the mouth of the Ngaruroro River
6. Rakautana Forest, Waikoau
7. Pauhanui Bush, Gwavas Station, Tikokino Bay

## POACHING PROBLEMS?

We have set up a **0800 POACHING** (0800-762-244) number. If you witness any offending let us know as soon as possible.

## WETLAND CREATION

## 2 Definition of Areas

- 2.1 Area A:** That area within the following boundary commencing at Waiaruhe Road; then by that road, Owihakura Road, Whangaehu Valley Road and Fields Track to Kakatahi; then by straight lines to Pipiriki and Tawhata; then by Tawhata Road to the boundary; then by the generally eastern boundary of the region to Waiaruhe Road.
- 2.2 Area B:** That area within the following boundary commencing at Waiaruhe Road; then by that road, Owihakura Road, Whangaehu Valley Road and Fields Track to Kakatahi; then by straight lines to Pipiriki and Makakaho Junction down the eastern bank of the Waitotara River to the sea; then by the sea coast and generally eastern boundary of the region to Waiaruhe Road.
- 2.3 Area C:** The balance of the region contained by the westerly boundaries of Area A and B and the sea coast between the Mokau River and Waitotara River mouths.

## 3 Shooting Hours

6.30am to 6.15pm.

## 4 Decoy Limit

No limit.

## 5 Special Conditions

### 5.1 Special Paradise Shelduck Season

**Area C only:** For the Special Paradise Shelduck Season on 27 February, 28 February, 6 March and 7 March 2021, the hours of hunting are extended to 6.30am to 8.00pm. In addition, all hunters, including land occupiers, must hold a Taranaki Special Paradise Shelduck Season Hunting Permit that has been issued by the Taranaki Fish and Game Council (or authorised agent) to that named person.

**5.2** No person shall hunt, as specified, within 200m of any urban sewage oxidation pond.

**5.3** No person may wilfully leave on the hunting ground any game bird(s) shot or parts of any game birds shot.

**5.4** Any licensed game bird hunter who has a Department of Conservation permit to take or kill wildlife for the purpose of hawking may hunt with an Australasian Harrier (*Circus approximans*) to take game birds. This is subject to the season length and bag limit for each game bird species in clause 1 of this notice for this region and subject to any conditions imposed by the Director-General of Conservation under such a permit.

## HUNTING TARANAKI WATERFOWL

The Taranaki Region has many rivers and streams, coastal dune lakes and ponds that provide good habitat for waterfowl. This translates into consistently good hunting and Taranaki duck hunters are among the most successful in the North Island.

Mallard duck is the predominant game species and in addition to traditional hunting from maimai on ponds and lakes, jump shooting along streams, rivers, drains and farm oxidation ponds is also productive. Good evening shooting can be had throughout the season on farm dams and wet paddocks, or on recently harvested stubble fields and in paddocks where supplementary feed is being fed to stock.

Paradise shelduck are widespread throughout the region and in particular around the Taranaki ring-plain. Farmers and vegetable growers often welcome hunters harvesting these birds which may otherwise impact on areas of new grass or recovering pasture or crops at other times of the year. To further assist with managing

their impact a special season for paradise shelduck will also be held in late February and early March 2021 in Area C (Taranaki) to disperse birds after the moult. All hunters, including land occupiers are required to hold a permit to hunt during a special season. Please contact the Whanganui or New Plymouth offices of Fish & Game NZ in early February 2021 for details.

Similarly, landowners are often supportive of hunting pukeko from wetlands adjacent to maize growing or other cropping areas, where they can cause damage at planting time. Pukeko numbers are greatest around the Taranaki ring-plain and south along the coast to Whanganui, and the extended season provides an additional hunting opportunity after the duck season has finished.

## UPLAND GAME

Scattered populations of pheasant and California quail are present in the coastal sand country and lowland pine plantations. There are also good pheasant populations, which are often overlooked, in the back country, particularly where there are scrubby rough areas adjacent to small streams and rivers. Driving around these areas early or late in the day and particularly in spring is a good way to identify productive spots and make initial approaches regarding access.

## ACCESS

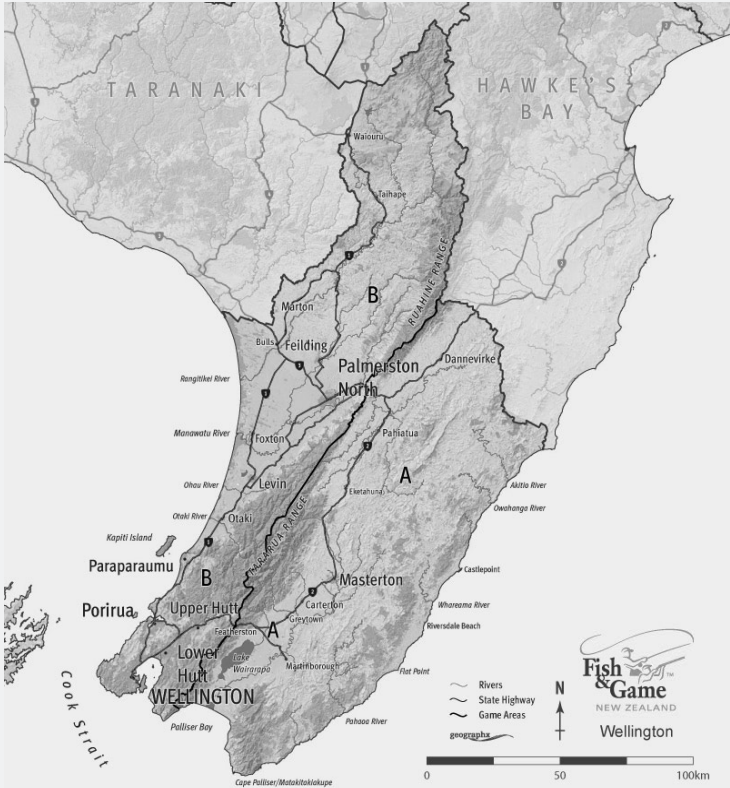

Most hunting opportunities are on private farmland and the appropriate permission should be sought. In this region many farmers are receptive to a polite request; just remember to leave the gun and dog behind when you make your first approach. Often farmers are hunters themselves and while access over opening weekend may not be an option there maybe opportunities later in the season.

Permits are available from the Whanganui office of Fish & Game for upland game hunting in several Whanganui coastal areas, including Harakeke Forest and Nukumaru Recreation Reserve.

## HUNTING IN WELLINGTON

Some of the best quality waterfowl hunting in the Wellington Fish and Game region can be found in the public hunting areas. Any game bird licence holder who obtains our \$5 game bird hunting access permit, may hunt the following wetlands after opening weekend for the remainder of the game season, or dates as printed in the permit booklet:

- Lake Wairarapa
- Lake Omanu near Foxton (after Queens' Birthday Weekend)
- Makerua Swamp 25 km south of Palmerston North
- Moutoa Reserve is located 3 km south of Foxton
- Pukepuke Lagoon is located 4 km north of Himatangi Beach
- Waimahora Swamp is located 2 km west of Santoft
- Pheasant and California quail hunting is available in 3 forests and 1 reserve. Waitarere Forest (IFS Forestry); Tangimoana (Rangitane) and Santoft Forests (Ernslaw One Ltd); and Tawhirihoe Scientific Reserve (Department of Conservation). The Game Bird Hunting Access Permit includes maps and conditions of access and includes a number of areas within the Wellington Fish and Game Region.

## 1080 WARNING 1080

is highly toxic to dogs. Toxicity can last for several months in the target species. If in doubt and you wish to hunt where 1080 warning signs are erected, check with your Regional Council (Manawatu-Whanganui 06 952 2800; Wellington 0800 496 734) or the land manager.

## HUNTING BALLOTS

There are a limited number of balloted hunting stands available each year within some of the named conservation areas. These are advertised in mid-February each year.

# BLUE DUCK - WHIO, A THREATENED SPECIES.

In parts of the country whio (blue duck) populations are increasing in response to predator control, and birds are being seen from time to time on farmland in the vicinity of forested streams. They commonly do low level flights up and down streams in early morning and evening meaning a quick shooter can easily mistake them in low light. This threatened species is fully protected, and apart from setting conservation efforts back a step, killing one can mean a \$10,000 fine.

**Please take care to identify your target beyond all doubt so whio, along with all of our other protected birds, are not mistakenly shot.**

**World Wetlands Day, held every year on 2 February, marks the date of the adoption of the intergovernmental treaty the Convention on Wetlands. The New Zealand Game Bird Habitat Collection is issued every year on this date; the 2020 issue is the 27th in the series and features the paradise shelduck (*Tadorna variegata*).**

*This image was captured by Matt Winter, the winner of Game Bird Habitat Trust's inaugural photo competition for the annual stamp. Winter's perfectly timed image capturing the hen and drake together was the standout of 72 entries.*

*Despite being hunted as a gamebird, the paradise shelduck population has dramatically increased in recent decades. It is currently New Zealand's most widely distributed waterfowl, and the second most common after the mallard. They have become so populous that farmers occasionally conduct legal culls.*

Stamp RRP: \$10.00

*Larger than the average duck, this species could be mistaken for a small goose. The female of the species is the more striking bird, with chestnut colouring and a white head and neck, while her mate's head is black and his body dark with tawny tints.*

*The paradise shelduck has benefited from the human modification of natural landscapes, another characteristic that makes this bird stand out from other native duck species. They are herbivorous, with a preference for pasture grasses and clover, but are known to eat a broad range of leaves and seeds, insects, and some aquatic plants and invertebrates.*

*These birds usually mate for life, and pairs create a two-tone cry with their alternating calls. Pūtangitangi, their Māori name, refers to this call; a tangi is a lamentation for the dead.*
