ALL REGIONS
REGULATIONS

Otago Fish & Game Region extends from Shag Point/Matakaea on the South Island's East Coast south to The Brothers Point in the Catlins area. The region runs inland to include the entire Clutha/Mata-Au and Taieri river catchments as well as several smaller coastal river catchments such as the Catlins, Tahakopa, Tokomairiro, Waikouaiti and Shag/Waihemo.

The Otago Region has a wide range of fishing opportunities set in diverse landscapes from pristine high country and barren Central Otago plains to the lush lowland pastures of coastal Otago. All anglers and methods are catered for.

The large southern lakes - Wānaka, Wakatipu, Hāwea and Dunstan - hold rainbow and brown trout and Chinook salmon, attracting boat and shore anglers.

The Clutha, Pomahaka and Taieri rivers are popular and productive trout fisheries. If you prefer to fish smaller water, try the many coastal and inland streams.

Central Otago irrigation reservoirs offer good fishing. Fish & Game also stocks rainbow trout in about a dozen put-and-take fisheries.

Perch are abundant in most coastal reaches and in many lakes and ponds. Please respect our angling waters by obeying the regulations that apply to them, not leaving rubbish and obtaining the landowner's permission where required.

ANGLING INFORMATION

Access pamphlets including maps are available for many of the popular waters. Pamphlets are available to download on the Otago pages of the website www.fishandgame.org.nz or from selected outlets. You may also visit the office or email us to have them posted to you. For regular updates, you can find Otago Fish & Game Council on Facebook.

DESIGNATED WATERS FISHERIES

Otago has nine Designated Waters fisheries requiring anglers to be holders of a full season licence and a Designated Waters licence. For more information or to obtain a Designated Waters licence go to www.fishandgame.org.nz. To manage pressure and provide the best angling experience, the Greenstone River has a controlled fishery period from 1 February to 31 March. A voluntary beat system operates in the Nevis River.

LAKE, RIVER AND ROAD CONDITIONS

For up-to-date weather information visit www.metservice.com or www.yr.no/en. Another source of information on river conditions is the Otago Regional Council's Environmental Data Portal: <https://envdata.orc.govt.nz/AQWebPortal/Data>

Check your local district council for road conditions before heading to remote areas, especially winter road closures.

POLLUTION COMPLAINTS

For complaints about pollution or damage to rivers contact the Otago Regional Council's 24-hour Pollution Hotline on 0800 800 033 in the first instance.

NATIONAL REGULATIONS

THE SPORTS FISHING REGULATIONS

These regulations are set to ensure that:

- fish populations are maintained and that the number of fish caught does not threaten the sustainability of the fishery
- the quality of the fishing experience is maintained
- spawning areas are protected
- angling opportunities are not unnecessarily restricted
- incompatible methods of fishing are kept separate
- anglers use sporting methods.

The main angling rules and catch limits are shown in this booklet, but there are other rules in the Conservation Act, Freshwater Fisheries Regulations and other legislation which affect sports fishing. For example, a current fishing licence is required to fish for the species listed in the First Schedule, and it must be carried with anglers at all times when fishing. The licence is to be produced upon demand by a Fish & Game Ranger.

If you are in any doubt about sports fishing regulations, please contact your local Fish & Game office.

These regulations are approved by the Minister for Hunting and Fishing on the advice of the 12 regional Fish & Game Councils. The Fish & Game licence allows an angler to fish New Zealand wide (except Taupō).
