ALL REGIONS
REGULATIONS

The Auckland/Waikato Region offers a wide diversity of fishing opportunities with many lake and river fisheries. Three lakes within one hour of Auckland City are regularly stocked with trout, and wild trout are present in the Mangatawhiri and Mangatangi reservoirs. There is also good trout fishing in the Coromandel Ranges with most rivers having easy access and high scenic values. Further south there are numerous spring-fed trout streams in the South Waikato, and many backcountry fisheries throughout the King Country including the headwaters of the Waipa, Whanganui, Whakapapa, and Awakino Rivers. The Waikato River has an abundant brown trout population, and the hydro-lakes provide excellent lake fishing. Coarse fisheries are present in most lakes north of Hamilton, including Lake Pupuke and Hamilton Lake. Good coarse fishing is also available in the lower Waikato and Whangamarino Rivers. Over 100 fishing locations are listed on the interactive map in the Fishing Locations and Access section of the Auckland/Waikato Region's web page.

ACCESS INFORMATION

Over 100 fishing locations in the Auckland/Waikato Region alone are marked on the New Zealand Fishing Spots map found on the Fish & Game webpage (fishandgame.org.nz). In addition, there are detailed descriptions of 31 river sections on the Auckland/Waikato Fishing Locations and Access page. The following paper pamphlets are also available from Auckland/Waikato Fish & Game:

- Trout fishing in the Auckland/Waikato Region
- Fishing in the lakes of the Auckland/Waikato Region
- Wanganui Headwaters

NATIONAL REGULATIONS

THE SPORTS FISHING REGULATIONS

These regulations are set to ensure that:

- fish populations are maintained and that the number of fish caught does not threaten the sustainability of the fishery
- the quality of the fishing experience is maintained
- spawning areas are protected
- angling opportunities are not unnecessarily restricted
- incompatible methods of fishing are kept separate
- anglers use sporting methods.

The main angling rules and catch limits are shown in this booklet, but there are other rules in the Conservation Act, Freshwater Fisheries Regulations and other legislation which affect sports fishing. For example, a current fishing licence is required to fish for the species listed in the First Schedule, and it must be carried with anglers at all times when fishing. The licence is to be produced upon demand by a Fish & Game Ranger.

If you are in any doubt about sports fishing regulations, please contact your local Fish & Game office.

These regulations are approved by the Minister for Hunting and Fishing on the advice of the 12 regional Fish & Game Councils. The Fish & Game licence allows an angler to fish New Zealand wide (except Taupō).
