

CENTRAL SOUTH ISLAND - Fish & Game Region¹¹

OFFICE: 32 Richard Pearse Drive, Temuka
 POSTAL ADDRESS: PO Box 150, Temuka 7948
 PHONE: (03) 615-8400
 E-MAIL: csi@fishandgame.org.nz
 OFFICE ADMIN: Bernadette Dolan
 FIELD OFFICERS: Rhys Adams, Nikki Dellaway, Hamish Stevens, Mark Webb

Refer to section 2 for precise definition of areas

11 Central South Island Region means the area so described in the NZ Gazette 24 May 1990, No.83 at page 1861, as amended in the NZ Gazette 29 August 1991, No 129 at page 2786, and as further amended 3 September 1992, No 141 at page 2958

1 Game That May Be Hunted or Killed - Duration of 2023/2024 Season

| Species | Season Duration (dates inclusive) | Daily Bag Limit | Hunting Area |
|--|--------------------------------------|--------------------|-------------------------|
| <i>Grey, mallard and shoveler duck: A maximum total aggregate bag not exceeding 50 birds for all those species including hybrids combined, except that within the aggregate bag a limit of 5 grey duck and 2 shoveler duck must apply.</i> | | | |
| Grey/mallard duck and any hybrid of those species | 6 May to 30 Jul 2023 | 50 | All areas |
| | 3 to 4 and 10 to 11 Feb 2024 | 10 | Area C |
| NZ shoveler duck | 6 May to 30 Jul 2023 | 2 | All areas |
| Paradise shelduck | 6 May to 30 Jul 2023 | 25 | All areas |
| | 31 Jul to 24 Sep 2023 | 25 | West of State Highway 1 |
| | 3 to 4 and 10 to 11 Feb 2024 | 15 | Area B |
| Pūkeko | 6 May to 30 Jul 2023 | 10 | All areas |
| Black swan | 6 May to 30 Jul 2023 | 5 | All areas |
| Bobwhite (Virginian) quail | 6 May to 27 Aug 2023 | No limit | All areas |
| California quail | 6 May to 27 Aug 2023 | 10 | All areas |
| Chukar (<i>subject to clause 2(4) for this region</i>) | 6 May to 27 Aug 2023 | 10 | All areas |
| Cock pheasant | 6 May to 27 Aug 2023 | 4 | All areas |

2 Definition of Areas

- 2.1 Area A:** All that part of the region encompassing Lake Wainono and Wainono Reserve and bounded to the north by Hook Beach Road, the west by State Highway 1, the south by Poingdestres Road and the east by the Pacific Ocean.
- 2.1 Area B:** That part of the region not included in Area A.
- 2.3 Area C:** That part of Area B north of the Opihi River only over agricultural grain crops and green feed paddocks and more than 200 metres from any water body.

3 Shooting Hours

6.45am to 6.30pm (May to September 2023 inclusive).

5.30am to 10.00pm for the mid-summer mallard and paradise shelduck season 3 and 4 and 10 and 11 February 2024.

4 Decoy Limit

No limit.

5 Chukar Hunting:

A person hunting chukar at any time of the season must, within a month of the end of the season, provide the Central South Island Fish and Game Council with particulars of: the dates and locations where they hunted chukar; the number of guns in the hunting party; the hours they commenced and ceased hunting each day; the number of birds taken each day; the number of coveys seen each day; an estimate of the average covey size seen each day; and whether or not they hunted with a dog.

HUNTING IN CENTRAL SOUTH ISLAND (CSI) PUBLIC LANDS

Many of Central South Island's larger riverbeds and lakes are public lands. It is still important to advise the adjoining landowner when you wish to hunt these areas. This common courtesy often results in the farmer providing useful information and better access.

Game bird hunting on Department of Conservation managed land is available in certain areas and to hunt there you require a DOC game bird hunting permit. Unlike big game hunting permits, DOC game bird hunting permits are not available from the website, instead you must obtain them and any other localised information by directly contacting or visiting the relevant DOC office. The permits detail unique restrictions and conditions to the DOC district issuing the permit. Be sure to abide by these conditions as this will ensure hunting continues to be available on DOC land in future.

DOC District Office Contacts:

- Raukapuka / Geraldine District Office: ph. 03 6931010, email esienquiries@doc.govt.nz
- Te Manahuna / Twizel District Office: ph. 03 4350802, email esienquiries@doc.govt.nz

NORTHERN REGIONAL BOUNDARY

The Rakaia Riverbed is not within the CSI Fish and Game Region. The northern boundary of the region adjacent to the Rakaia River extends along Acton Road, Rakaia Barrhill Methven Road and Rakaia River Road.

RANGITATA DIVERSION RACE

Hunting along the Rangitata Diversion Race is possible but strictly with permission from RDR Management Ltd (ph. 03 3080828) and the adjoining landowners.

WAINONO LAGOON

Wainono Lagoon is near the township of Waimate and some 35 km south of Timaru. Adjacent to the coastal shingle beach barrier, the lagoon (lake) at its normal water level (1m above sea level) covers about 350 hectares. The beach barrier, lagoon, and surrounding wetlands provide habitat for some 57 different bird species, many resident and others migratory. Wainono Lagoon is a 'Conservation Area' managed by the Department of Conservation (DOC). Hunting is permitted and DOC game bird hunting permit is required. This can be obtained free of charge by phoning 03 6931010 or esienquiries@doc.govt.nz. There is no ballot system for the lagoon and many of the existing stands are reserved for traditional hunters. Other than possibly during Opening Weekend, there is still plenty of opportunity for visiting hunters

Access to the lagoon:

- North side – via Hook Beach Road and then a 4WD track along the beach
- Middle – via Wainono Lake Road; a track opposite Waimate turnoff on SH1
- South side – via Foleys Road and then Poindestres Road over the Dead Arm Bridge to the beach and then a walking track along the beach past Maori Lake and the Wainono Wetland Reserve.

BALLOTTED STANDS

Depending on water levels, CSI Fish and Game has between 11 and 15 stands available for hunting the Opening Weekend on wetlands it owns or manages. Ballot information, maps and application forms are available on the CSI page of the www.fishandgame.org.nz website, or by contacting the CSI Fish and Game Office in Temuka. Ballot applications are accepted from 1 February to 1 March and the ballot is drawn on the next working day.

WETLAND PERMITS

Any game bird licence holder wishing to hunt Fish & Game managed wetlands after Opening Weekend is required to obtain a permit from the Central South Island Fish and Game Office in Temuka. Permits can be obtained from www.fishandgame.org.nz (Central South Island page) or by contacting the CSI office in Temuka. Obtaining a permit will ensure you have up-to-date information on access requirements and rules.

Wainono Wetland Reserve

Wainono Wetland Reserve adjoins Wainono Lagoon at its southern end and is separated by a stop bank. CSI Fish and Game Council owns the reserve and administers a ballot for nine hunting stands each Opening Weekend. To hunt this wetland after Opening Weekend you must obtain a permit from CSI Fish and Game. Access to the Wainono wetland reserve from State Highway 1 is via Foleys Road, Hannaton Road and then Poindestres Road over the Wainono Lagoon outlet creek bridge to the beach and then a rough four-wheel drive or walking track heading northwards.

All Day Bay Lagoon

This small coastal lagoon, 11 ha in area, is located 15 km south of Oamaru on the Kakanui-Waianakarua coastal road. The area was purchased by CSI Fish and Game in 1989. A natural sandbar acts as a weir and provides a small lagoon habitat for both waterfowl and wading birds. The sandbar forms and washes away with changing environmental conditions. At times the lagoon is drained and will only refill once the natural sand bar reforms. The lagoon and its birdlife are readily observed from the road. Visits from the occasional white heron or royal spoonbill are not uncommon and add to the scenic attraction of the area. All Day Bay Lagoon is also protected by a QE II National Trust Open Space Covenant. Three hunting stands are balloted annually by CSI Fish and Game Council for Opening Weekend. To hunt this wetland after Opening Weekend you must obtain a permit from CSI Fish and Game.

Devil's Bridge Wetland

Owned by the Meikle Family Trust, this 15-ha lake and associated wetland is situated on Devil's Bridge Road some 6 km north west of Oamaru. By agreement between the owner and CSI Fish and Game, the area is managed by the Devil's Bridge Management Committee. Three stands are balloted each year by CSI Fish and Game for Opening Weekend. To hunt this wetland after Opening Weekend you must obtain a permit from CSI Fish and Game and contact the Trust representative Aaron Meikle Ph 0274 989 703 or aaron.meikle@gmail.com

MID SUMMER DUCK SEASON

In February 2005, a two-weekend summer duck hunting season was trialled, on condition that it was monitored to ensure there was no adverse impact on the traditional May duck season opening. The season is now well established and provides opportunities to hunt mallards and paradise shelduck that congregate around grain and green feed crops in February.

ON OR NEAR PUBLIC LAND

When hunting on or near public land be aware of two relevant sections of the Arms Act 1983. Section 45 states “Every person commits an offence who, except for some lawful, proper, and sufficient purpose carries; or is in possession of...any firearm.” And “...the burden of proving the existence of some lawful, proper, and sufficient purpose shall lie on the defendant.” Section 48 states “Every person commits an offence ... who, without reasonable cause, discharges a firearm ... in or near:

- (a) a dwelling house; Or
- (b) a public place, - so as to endanger property or to endanger, annoy, or frighten, any person.”

The message is clear – be careful and considerate around other people and their property.

CHUKAR HUNTING

To assist hunters in complying with clause 5 of the CSI Regulations, Hunting Diaries are available on request from the Fish and Game Office in Temuka, phone 03 615 8400.
